REMARKS

The Examiner's action dated November 3, 2005, has been received, and its contents carefully noted. The indication of allowability of the pending claims is noted with appreciation.

In response to the various objections presented in the Action, submitted herewith is a replacement sheet for Figure 1 to which the reference numeral 99 has been added and a replacement sheet for Figure 2 in which the reference numeral "25" has been replaced by the reference numeral -25'- in order to distinguish between the at least one optical fiber of Figure 1 and the cable of Figure 2. The Specification has been amended to eliminate the informality noted by the Examiner and to conform to the reference numeral change in Figure 2.

The claims have been amended or canceled in order to overcome all of the claim objections.

Thus, claims 7-9, 11-22, 25-32 and 44-46 remain pending and allowance of these claims is requested.
